Differentiators

FusionWMS is the only full warehouse management solution embedded in Acumatica with no external tables or applications other than the software on the Android handheld.

Must-Have Prerequisite

While FusionWMS seamlessly integrates with Acumatica, specific handheld devices are recommended for optimal compatibility:

Notable devices include Dolphin CT60 Handheld Computer, P-RANGER Mobile Computer, EVO TP6, and TC21/TC26 Touch Computer.

Also supports various handheld options from Honeywell, Intermec, and Motorola, as long as they run Android 6.0 or newer and have Bluetooth or Wi-Fi capability.

Prefer to contact us to provide the make and model if other devices are preferred to ensure compatibility.
